How Frequencies Benefit the Human Body

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. ZeroPoint has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Blueprint Frequencies.

When you hold the NaturaLaser on the area of pain, your body begins to 'resonate with the frequencies' that are programmed in the laser. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to 'resonate at the same frequency'.

When the organs and systems of the body are attuned with the frequencies that are in the NaturaLaser, the body returns to a balanced state. The body is able to protect and heal itself when it is in a state of perfect balance.

Testimonials

"I had a raised patch of red itchy skin on my left calf that bothered me off and on for some time. I applied the Red Naturalaser and Frequency Disc to relieve the itching each time it occurred. Last July, I had the opportunity to try the Green Naturalaser on the spot. I shined the green laser light for about 2 minutes on the area. The itch was immediately relieved, and the red raised surface disappeared a few minutes later. It's been a year now and the red patch and itch has not returned." - Lorraine E., ME

"About a week ago, I awoke about 3AM. My right ear was in great pain, including my right jaw & right throat area. I quickly used the Red & Green Naturalasers in my ear, on my jaw, & throat areas, directly in & around the ear, throat, & into my mouth for about 10 minutes. In 1 hour I repeated same. By 6AM, all pain was gone, except for a slight pain in throat area & that was gone by the end of the day." - Reuben S., NC

"I recently was splattered by hot oil in the frypan. In moments, my hand became bright red, swelling rapidly. The stinging started and I knew I was in trouble. I used the Red Naturalaser for about 10 minutes, then the Green Naturalaser on and off with the red for about an hour. I slept with the 3.5 disk through the night. The next morning there was no redness, no sting, and no swelling. I didn't use any other products! Proof for me!" - Robin G., FL

"On Wednesday, I was involved in a home painting project and received an injury to my right foreman as a result of a ladder being dropped on my forearm. I immediately grabbed the Red and Green Naturalasers and cared for myself for about 10 minutes. I could feel the pain leaving my arm and my field. I continued painting for several more hours that day. I did treat myself with the Red and Green Naturalasers later in the evening one more time for about 15 minutes. On Thursday, I have minimul bruising, no swelling, and minimul tenderness today. I have painted for several more hours today with no limitations or pain. Again, I am amazed with Zero Point Global technology!!! I am so grateful." - Aria J., MN

"At the end of an expo in NY the booth next to us was dismantling their elaborate setup, consisting of a metal construction for overhead lights and background panels. In the process, the top beam came down by accident, landing square on the top of my husband's head. He was hit pretty hard. I helped him sit down and immediately started working with the new, Green NaturaLaser on the area of impact. I then, moved to the brain stem and other areas that would obviously been impacted. A pranic healer who was also helping said that he could see the blood gathering inside the head which would have caused bruising. Within a few minutes the blood dissipated again. He also could see mineral frequencies coming out of the Green NaturaLaser beam as I worked on my husband. The pranic healers ended up being very excited about the ZeroPoint technology and how it fits in with their understanding that tools will eventually take over the need to do manual energetic healing. Needless to say, my husband was fine. He did not feel dizzy, had no concussion, not even a bump, the least of which we had absolutely expected. Thanks to ZeroPoint Global!" - Werner & Faye B, ME
